Oral and Maxillofacial Surgery

SonicWeld Rx

A Revolution in Cranio-Maxillofacial Osteosynthesis

Experience all benefits

of a unique and revolutionary osteosynthesis technique:

- 100% amorphous and biodegradable thanks to pure PDLLA
- Highest stability thanks to cortical as well as cancellous anchorage and immediate locking between PDLLA pin and plate
- Simple to use and easy handling thanks to ultrasonic driven introduction of the resorbable materials

1st Euregional Course on

Aesthetic and Reconstructive Surgery of the Face

Fresh Frozen Cadaver Preparation

Maastricht-Aachen

April, 16th -17th, 2010

Limited Workshop Attendance

In Conjunction with the
MUMC Maastricht – UK Aachen

1st Euregional Course on Aesthetic and Reconstructive Surgery of the Face

Editorial

Dear Colleagues,

Join us at the first Euregional Course on Aesthetic and Reconstructive Surgery of the Face. We were able to assemble an outstanding international faculty to share their exceptional experience by a great variety of lectures and video presentations. Anatomical considerations, blepharoplasties, brow-, midface- and face-lift procedures, dermatosurgical techniques as well as lip- and face reconstruction will be presented. In addition the application of fillers and Botox-injections are demonstrated. The audience gets the chance to discuss each surgical step with the surgeon and the faculty member.

Furthermore we offer the opportunity of a **dissection course with exclusively fresh frozen specimen**. The participants will be able to perform all desired procedures and surgical techniques like in a real operation room setting. We provide a detailed dissection manual with illustrative step by step instructions. Additionally each participant will get the chance of a personal teaching by our team of experts.

We will provide a professional, yet intimate atmosphere and are looking forward to welcoming you in Maastricht and Aachen.

Peter Kessler
Bernd Lethaus

Course Directors and Organization

Prof. Dr. Dr. P. Kessler

Dr. Dr. B. Lethaus

Dept. Cranio-Maxillofacial Surgery
